*About the Institute*

The Hunt Institute for Botanical Documentation, a research division of Carnegie Mellon University, specializes in the history of botany and all aspects of plant science and serves the international scientific community through research and documentation. To this end, the Institute acquires and maintains authoritative collections of books, plant images, manuscripts, portraits and data files, and provides publications and other modes of information service. The Institute meets the reference needs of botanists, biologists, historians, conservationists, librarians, bibliographers and the public at large, especially those concerned with any aspect of the North American flora.

Hunt Institute was dedicated in 1961 as the Rachel McMasters Miller Hunt Botanical Library, an international center for bibliographical research and service in the interests of botany and horticulture, as well as a center for the study of all aspects of the history of the plant sciences. By 1971 the Library's activities had so diversified that the name was changed to Hunt Institute for Botanical Documentation. Growth in collections and research projects led to the establishment of four programmatic departments: Archives, Art, Bibliography and the Library.

"In virtues nothing earthly could surpass her,  
"Save thine incomparable Oil Macassar."—DON JUAN, Canto 1.

# ROWLAND'S MACASSAR OIL

## FOR THE GROWTH OF HAIR.

THIS OIL, composed of Vegetable Ingredients, is the **ORIGINAL and GENUINE** which has for many years been universally admired and acknowledged to possess pre-eminent nourishing qualities superior to all other preparations for **IMPROVING the GROWTH and BEAUTIFYING the HUMAN HAIR**, proved by testimonials received from the most distinguished personages in all parts of the globe, and in preventing the hair from falling off or turning gray to the most advanced period of life. Thoroughly eradicated all obstruction to which the head of Children are particularly liable, this celebrated Oil generates with infancy ample growth of beautiful hair, and will sustain it in perfection through all stages of existence.

Subduing all relaxing tendencies, it firmly keeps the hair in curl and other decorative formation, during many hours, unimpaired by damp weather, crowded assemblies, the dance, or even equestrian exercises.

In exposure to marine atmosphere, and in sea-bathing, the hair is subject to change, a glossy appearance and silky feeling of the hair, being frequently superseded by palpable coarseness and harsh texture; these subversive results are all averted or removed by this incomparable Oil, the *Friend of both sexes*, for, while it facilitates the progress of female beauty, it enhances, by producing **WHISKERS, MUSTACHIOS, &c.** the graces of manhood.

To Messrs. Rowland and Son, 20, Hatton Garden.

GENTLEMEN,—About three years ago my hair began to fall off in such quantities, that in a very little time I became nearly bald; in short, it changed my appearance so much, that my nearest relations hardly knew me: being one day with a party of friends, I was strongly recommended to try your **MACASSAR OIL**, when, after using four of the small bottles, the good effects began to be visible; and, from persevering in it, I have now as much hair as I had when fifteen years old. You have therefore my full permission to make what use you may think proper of this letter, I am, Sir, your very obedient Servant,  
M— Park, Yorkshire, March 8, 1830.      \* \* \* \* \*

To Messrs. Rowland and Son.

GENTLEMEN,      St. Petersburg, 1814.  
In consequence of the good effects of your Macassar Oil, I have it in command from his Imperial Majesty, the EMPEROR of all the **RUSSIAS**, that you will, without delay, send the sum of ten guineas worth to the Emperor of Russia, St. Petersburg, and receive the amount of the same from his Highness the Prince de Lieven, his Majesty's Ambassador at the Court of Great Britain. I have the honour to be, Gentlemen, your obedient Servant,      JAMES WYLLIE.

The attention of the Public is called to a series of fraud now practised by some Shopkeepers. In order to gain a trifle more profit, they impose on their customers counterfeit Macassar Oil—injurious to the hair—when the Original (Rowland's) Oil is asked for.

PARTICULAR ATTENTION to this Caution is necessary, as the Proprietors cannot be responsible for the serious injury resulting from the use of base imitations. To prevent such imposition it is necessary to notice that each bottle of the Original is enclosed in a wrapper, which has the name and address in Red, on lace-work,  
"A. ROWLAND & SON, 20, HATTON GARDEN,"

And countersigned ALEX. ROWLAND.

The bottle is enlarged, and the prices are 3s. 6d.—7s.—10s. 6d. and 21s. per bottle;—all other prices, or any without the book and label, are counterfeits.

**ROWLAND'S ESSENCE OF TYRE,**  
For CHANGING RED or GRAY HAIR or WHISKERS to a BLACK or  
BROWN.

FOR THE SKIN AND COMPLEXION.

Patronized by Her Majesty, the Royal Family, the Prince and Princess Esterhazy, and the Nobility.

**ROWLAND'S  
KALYDOR.**

Warranted perfectly innocent, yet possessing properties of surprising energy. It eradicates all Cutaneous Eruptions, Pimples, Spots, Redness, &c., gradually producing a delicate clear soft skin; transforms even the most Sallow Complexion into radiant Whiteness, producing delicate White Neck, Hands, and Arms, and imparting a beautiful Juvenile Bloom to the Complexion. Successfully renders harsh and rough Skin beautifully soft, smooth, and even; imparts to the Face, Neck, and Arms a healthy and juvenile Bloom; and to the Skin a pleasing coolness, truly comfortable and refreshing.

ROWLAND'S KALYDOR is equally indispensable in the Nursery as at the Toilet. Perfectly innoxious, it is recommended by the first Physicians, to be used by the most delicate lady or infant with the assurance of safety and efficacy, possessing softening and healing properties, and gives, in cases of accidental Inflammation, immediate relief.

To Gentlemen whose faces are tender after Shaving. A great infelicity which attends the operation of Shaving, is the irritation of the Skin. ROWLAND'S KALYDOR will be found excellent beyond precedent in ameliorating and allaying that most unpleasant sensation. It removes unpleasant harshness of the skin, occasioned by intense solar heat or cold winds; and thus to the Traveller, whose avocations expose him to various changes of weather, proves an infallible specific—a prompt resource—and, as conducing to comfort, a pleasing appendage and invaluable acquisition. In all cases of BURNS, SOULDS, ERYSIPELAS, &c., it gives immediate relief.—Sold in Half Pints at 4s. 6d. each, and Pints 8s. 6d. each.

\*.\* To prevent imposition, the Name and Address of the Proprietors is ENGRAVED ON THE GOVERNMENT STAMP affixed over the Cork of each Bottle.

ALL OTHERS ARE SPURIOUS.

To Messrs. Rowland and Son.

GENTLEMEN—I have derived so much benefit from the use of your Kalydor in extirpating the Pimples and Inflammation from my face, that I am induced to continue it; therefore will thank you to send me three of the larger sized bottles (packed in a box) by bearer, who will discharge the amount.

Your humble Servant,  
Richmond, Aug. 17, 1832.

MARIA W. R.

Hambro', March 23, 1832.

GENTLEMEN—I am happy to inform you that the virtues of your Kalydor has obtained great fame, and that there is scarcely a lady in Hambro' but what has it at her toilet; it is not only a favourite with the ladies, but is equally beneficial to gentlemen, and one of our first physicians, a man sixty years of age, whose face was in a state of continual inflammation, so as to render shaving impossible, has been entirely cured. He is much gratified, and recommends it to all families.

I remain, Gentlemen, yours, &c.
