About the Institute

The Hunt Institute for Botanical Documentation, a research division of Carnegie Mellon University, specializes in the history of botany and all aspects of plant science and serves the international scientific community through research and documentation. To this end, the Institute acquires and maintains authoritative collections of books, plant images, manuscripts, portraits and data files, and provides publications and other modes of information service. The Institute meets the reference needs of botanists, biologists, historians, conservationists, librarians, bibliographers and the public at large, especially those concerned with any aspect of the North American flora.

Hunt Institute was dedicated in 1961 as the Rachel McMasters Miller Hunt Botanical Library, an international center for bibliographical research and service in the interests of botany and horticulture, as well as a center for the study of all aspects of the history of the plant sciences. By 1971 the Library's activities had so diversified that the name was changed to Hunt Institute for Botanical Documentation. Growth in collections and research projects led to the establishment of four programmatic departments: Archives, Art, Bibliography and the Library.

ROWLAND'S MACASSAR OIL,

This OIL (composed of Vegetable Ingredients,) is the ORIGINAL and GENUINE, and has, for many years, been universally admired, & acknowledged the best and cheapest article for the HAIR. Its Virtues are pre-eminently displayed in the following respects:—

1.—It possesses properties of the most salubrious nature, which prevent the Hair being injured.

2.—It is pre-eminently for nourishing the Hair—PREVENTING ITS FALLING OFF, or TURNING GREY, to the latest period of life; and CHANGES GREY HAIR TO ITS ORIGINAL COLOUR.

3.—It braces the pores of the head, strengthens the weakest HAIR, and produces A LUXURIANT GROWTH on the BALDEST PLACES.

4.—Gives a vigour to the Hair, which soon produces an INIMITABLE NATURAL CURL; and prevents its falling out in Damp Atmosphere, or during exercise.

5.—Renders the Hair, either Natural or Artificial, as soft as silk.

6.—Bestows on the Tresses a brilliant Gloss and pleasant Perfume.—In fine, it renders the HEAD-DRESS TRANSCENDANTLY BEAUTIFUL!

7.—Promotes the GROWTH of WHISKERS, EYEBROWS, MUSTACHIOS, &c.

The following Testimonials are selected from a great number, the Originals may be seen at the Proprietors.
To Messrs. ROWLAND & SON.

Gentlemen,—I take the earliest opportunity of relating the surprising virtues of your oil on two of my children, one seven, the other nine years of age;—their Hair came off on several parts of their heads, in patches the size of half-a-crown, and continued so. Alarmed at this circumstance, as there was no appearance of it coming again, I tried several compositions, &c. without effect; when a lady, who had witnessed the extraordinary qualities of your Oil, entreated me to try it, which I did; and after using four bottles their hair completely recovered. You have liberty to make this public and may also refer any one to

Your humble servant,
Newington Green, Middlesex, Nov. 17, 1818.
LOUISA JOHNSON.

If any thing more be required as an indubitable proof of the value and celebrity of this Oil. It is the fact, that no production in the world has so many spurious and base imitations, which a set of unprincipled injury of those who are deceived by the cheat.

TO PREVENT such IMPOSITION, it is particularly necessary to OBSERVE, that each Bottle is enclosed in a Wrapper, on which are engraved the words "ROWLAND'S Macassar Oil," and between those words are the same MINUTELY and CURIOUSLY ENGRAVED 24 TIMES, and the Name and Address in Red on Laco-work,

A. ROWLAND & SON, 20, HATTON GARDEN
Counter-signed ALEX. ROWLAND

The Lowest Price of the Original or Rowland's Oil, is 5s. 6d.; the next 7s.; or Family Bottles (containing 4 small) at 10s. 6d.; or Double that size, £1. 1s.

IMPOSTORS call their trash the genuine Macassar Oil, and sign it "A. Rowland Son," omitting the "S" and offer it for sale under the lure of "Cheapness."

PARTICULAR ATTENTION on purchasing is respectfully solicited, as the Proprietors cannot be responsible for the serious injury resulting from the use of base Imitations, of injurious quality, now offered to the Public as the Genuine.

8.—On CHILDREN'S HAIR its effects are singularly beneficial; is perfectly innocuous, and may with safety be applied to the youngest Infant. It ERADICATES SCURF and DANDRIF, easier and superior to combs, soaps, &c. and is extremely pleasant to the infant—gradually strengthens the Hair and augments its growth so as to produce a BEAUTIFUL HEAD OF HAIR!

9.—Preserves the Hair after Sea-Bathing, Violent Exercise; &c. and is of pre-eminently utility to all persons travelling by SEA or LAND,—preserving the Hair, and rendering it peculiarly pleasant, as well as always dressed.

10.—This Oil possesses wonderful properties for preserving the Hair in HOT or COLD CLIMATES;—for which it is held in high estimation by distinguished Personages abroad. In fine, as adding Strength, affording nourishment, exciting to a luxuriant Growth, and brilliantly Ornamenting and Embellishing the Human Hair, the Proprietors of the Macassar Oil can with truth aver, it has not its equal in the world; and the distinguished sanction it has received from Royal and Illustrious Personages, and the flattering Testimonials constantly received of its efficacy, places this declaration above suspicion.

Extract of a Letter from a Gentleman in Hamburgh, dated August 6th, 1830.

"I have another pleasing remark to make. I had no hair on the top of my head for years, and more than fifty persons declared to me they recovered their Hair by using ROWLAND'S MACASSAR OIL, which induced me to make trial of that article. I used 3 bottles and regained my hair."

To Messrs. ROWLAND & SON.

Sirs—Mrs. Ostow has found great benefit from your Macassar Oil in removing the children's hair from thinness and weakness, and actually retaining fine curly heads of hair! Too great encomiums cannot be passed upon it—it is highly worthy of public patronage

It is the fact, that no production in the world venders foist on the public (under the lure of cheapness,) to the great

ROWLAND'S KALYDOR,

For the FACE and SKIN, and of vital importance to the support of FEMALE LOVELINESS.

Powerful of effect, yet mild of influence, this admirable Specific possesses balsamic qualities of surprising energy. It eradicates TAN, FRECKLES, PIMPLES, SPOTS, REDNESS, and all CUTANEOUS ERUPTIONS, gradually realizing a delicately clear soft Skin; transforms even the most SALLOW COMPLEXION into RADIANT WHITENESS; renders harsh and rough Skin beautifully soft, smooth, and even! imparts to the FACE, NECK, and ARMS, a healthy and Juvenile Bloom; and, by due perseverance in its application, promotes a free and uninterrupted exercise of those important functions of the skin, which are of the utmost necessity for the preservation of Health, and attainment and continuance of a Beautiful Complexion!

The KALYDOR is equally indispensable in the Nursery as at the Toilet. Perfectly innoxious, it may be used by the most delicate Lady, with the assurance of safety and efficacy.

To MOTHERS NURSING THEIR OFFSPRING, it gives, in all cases of incidental Inflammation, immediate relief, cools the mouth of the infant, and enhances maternal pleasure in the act of administering alimentary nourishment.

To GENTLEMEN, whose Faces are tender after SHAVING—A great infelicity which attends the operation of Shaving is the irritation of the Skin; many Gentlemen suffer severely from this cause. ROWLAND'S KALYDOR will be found excellent beyond precedent in ameliorating and allaying that most unpleasant sensation.

It protects the FACE and SKIN from the baneful effects of COLD WINDS or DAMP ATMOSPHERE, as CHAPS, HARSH and, ROUGH SKIN, &c.—All of which it entirely eradicates, and renders the Skin delightfully smooth and pleasant; thus to the Traveller, whose avocations expose him to various change of weather, proves an infallible Specific—a prompt resource; and, as conducing to comfort, a pleasing appendage and invaluable acquisition. Finally, it is the most beneficial Preparation of any extant, and should be a VADE MECUM for every Family.

TESTIMONIALS.

To Messrs. Rowland and Son,

GENTLEMEN,—I have derived so much benefit from the use of your Kalydor in eradicating the Pimples and Irritation from my face, that I am induced to continue it, therefore I will thank you to send me three of the largest sized bottles, (packed in a box) by bearer, who will discharge the amount.

Richmond, Aug. 17, 1830.

To Messrs. Rowland and Son,

Gentlemen.—I am happy to inform you, that the virtue of your Kalydor has obtained great fame, and that there is scarcely a Lady at Hambro' but who has it at her toilet: it is not only a favorite with the Ladies, but is equally beneficial to Gentlemen; and one of our first physicians, sixty years of age, whose face was in a state of continual inflammation, so as to render Shaving impossible, has been entirely cured. He is much gratified, and recommends it to all families.

I am, Gentlemen, your's Ac.

G. VOSS,

Just published, illustrated with Plates, price 12s., bound and lettered.

NARRATIVE OF A VOYAGE ROUND THE WORLD; comprehending an Account of the Wreck of the Ship "GOVERNOR READY," in Torres' Straits; a description of the British Settlements on the Coast of New Holland, more particularly Raffles' Bay, MELVILLE ISLAND, SWAN RIVER, and KING GEORGE'S SOUND; their Natural Productions, Climate, COMMERCE, AGRICULTURE and GOVERNMENT; the Character, Manners, and Customs of the aboriginal Tribes; some Account of Van Diemen's Land, and New South Wales; Remarks on Transportation, the treatment of Convicts during the Voyage; and advice to persons intending to emigrate to the Colonies.

By T. B. WILSON, M. D.

Surgeon R. N. Member of the Royal Geographical Society.

LONDON: SHERWOOD, GILBERT, & PIPER.

The real interest of his pages is confined to his Australian adventures and remarks; the latter of which uniformly mark the original, sometimes even the intrepid, thinker and observer. From the popular nature of its contents, the work is likely to be extensively read.—*Journal Royal Geographical Society.*

We cordially recommend the work to the attention of our readers: it is written in a straightforward style, and is justly entitled to a place among the records of circum-navigators.—*Nautical Magazine.*

It is little if at all inferior in interest to the celebrated narrative of Captain Bligh, to which, indeed, it bears a great similitude, except that it is much better written.

This interesting volume, so replete with the most affecting incidents, will prove very useful, as well as amusing, to a large portion of English readers.—*Medico-Chirurgical Review.*

This is an exceedingly interesting work.—*Scotsman.*

This narrative is plain and simple in its style, and the matter is very instructive. The Appendix contains much valuable information to interest emigrants.—*Observer.*

What the book does describe is really something more interesting than a voyage round the world.—*Leigh Hunt's London Journal.*

We have seldom met a work of the same class as this in which there were more palpable manifestations of careful inquiry and well-digested opinions.—*Morning Herald.*

It contains a great deal of useful information for persons intending to emigrate, and is altogether a book of pleasant travel and adventure.—*Literary Gazette, November.*
