The Hunt Institute is committed to making its collections accessible for research. We are pleased to offer this digitized item.

#### *Usage guidelines*

We have provided this low-resolution, digitized version for research purposes. To inquire about publishing any images from this item, please contact the Institute.

#### *Statement on harmful and offensive content*

The Hunt Institute Archives contains hundreds of thousands of pages of historical content, writing and images, created by thousands of individuals connected to the botanical sciences. Due to the wide range of time and social context in which these materials were created, some of the collections contain material that reflect outdated, biased, offensive and possibly violent views, opinions and actions. The Hunt Institute for Botanical Documentation does not endorse the views expressed in these materials, which are inconsistent with our dedication to creating an inclusive, accessible and anti-discriminatory research environment. Archival records are historical documents, and the Hunt Institute keeps such records unaltered to maintain their integrity and to foster accountability for the actions and views of the collections' creators.

Many of the historical collections in the Hunt Institute Archives contain personal correspondence, notes, recollections and opinions, which may contain language, ideas or stereotypes that are offensive or harmful to others. These collections are maintained as records of the individuals involved and do not reflect the views or values of the Hunt Institute for Botanical Documentation or those of Carnegie Mellon University.

#### *About the Institute*

The Hunt Institute for Botanical Documentation, a research division of Carnegie Mellon University, specializes in the history of botany and all aspects of plant science and serves the international scientific community through research and documentation. To this end, the Institute acquires and maintains authoritative collections of books, plant images, manuscripts, portraits and data files, and provides publications and other modes of information service. The Institute meets the reference needs of botanists, biologists, historians, conservationists, librarians, bibliographers and the public at large, especially those concerned with any aspect of the North American flora.

Hunt Institute was dedicated in 1961 as the Rachel McMasters Miller Hunt Botanical Library, an international center for bibliographical research and service in the interests of botany and horticulture, as well as a center for the study of all aspects of the history of the plant sciences. By 1971 the Library's activities had so diversified that the name was changed to Hunt Institute for Botanical Documentation. Growth in collections and research projects led to the establishment of four programmatic departments: Archives, Art, Bibliography and the Library.

Mui distinguido Doctor:

Cuando Ud. arribó al Cuzco en 1958, tuve la suerte de conocerlo personalmente i como ayudante suyo en el Gabinete de Microscopía de la Universidad aprender sus valiosas lecciones de Micología que me han servido de base para iniciarme en esa gran especialidad.

Aprovechando de una beca que me concede la Fundación Nacional de Ciencias de Puerto Rico, viajo a ese país los primeros días de Junio del presente año, debiendo permanecer hasta el 15 de Julio, fecha enq que regresaré haciendo escala en Miami.

Como dispongo de tres meses de licencia de la Universidad tengo el vivo anhelo de visitarle personalmente, llevandole una interesante colección de Basidiomicetos que he colectado en los valles del Urubamba, Quince Mil i Paucartambo del Depto del Cuzco. para su indentificación i como un aporte a su gran Herbario.

Como debo realizar el viaje de Miami a Luisiana, le rogaría favorecerme con su valiosa influencia a fin de que alguna Institución de los EE.UU. , me favorezca con los gastos de transporte de Miami a Luisiana, para así tener la suerte de conocer su tierra i consultarle personalmente algunos problemas micológicos.

En espera de su amable respuesta se despide su discípulo que lo admira bastante.

Estimado Ing. Zamalloa:

Le felicito por su beca de la Fundacion Nacional de Ciencias de Puerto Rico para visitar esa institucion en Junio. Recuerdo muy bien no solo los dias que pase en la Universidad de Cuzco en Septiembre de 1958, sino tambien a toda la gente simpatica con quien me encuentre alli.

Durante el verano que viene voy a viajar a Mexico y a Guatemala para iniciar estudios sobre algunos hongos de esos paises, asi que lamento mucho no tener la oportunidad de encontrarme con Vd. En cuanto a su deseo de visitar a cualquier otra Universidad de los Estados Unidos, le aconsejo que presente Vd. a la Fundacion Nacional su plan de viaje, porque en general, las universidades de aqui, incluso la de Louisiana, no ofrecen los fondos que Vd. necesita.

Le agradezco mucho su ofrecimiento de ejemplares para el herbario. Si le conviene mandarmelos, los examinare lo mas pronto posible.

En espera de sus noticias le saluda muy cordialmente

Dear Bernie:

We received your double letter in regard to the book: Cannon--Ramon y Cajal. After much searching we are sorry to report that the book is not to be found in the office here. Everyone questioned, likewise, has not seen the book. Our thought is that it might have fallen into one of those big boxes you were packing in haste.

The orchid story is quite sad. We are sending all that Kent retook. It seems that he was willing to retake the singles and some of the doubles but when it came to retakes on the 4's he balked, so we, along with you, were left holding the crummy ones. We are sending under separate cover all that were retaken. We are very sorry that more were not retaken so that we could have had the pleasure of picking out the best for ourselves and sending on the crummy ones to you.

Ragab and Zell were both scheduled to take "Comprehensives" the last week in June. Zell ended in the hospital with a ruptured colon to leave Ragab to take them alone. He passed with flying colors. Zell squeezed through them the week of July 23 after recuperating from the blown out colon.

We are both going to the AIBS in Sept. in Minneanolis. Should you be there we shall be looking for you.

Best regards to you and Sarah.

Dear Mr. Rawling:

Enclosed is a check I recently received from your office in payment for personal services rendered in connection with the excursion boat "Miss Florida III".

The check is incorrectly made payable to the University rather than to me directly. I would appreciate having you make the necessary correction.

Sincerely yours,

Dear Mr. Yeager:

At the time I submitted my final report to you (Oct. 28) on "Miss Florida III", I also enclosed a bill for my personal services in the sum of \$150., which you forwarded to Phoenix. About three weeks later I received a check incorrectly made payable to L.S.U., so I returned it to Mr. J.F.Rawling (Manager, 2 Platt St., N.Y.C.) on Nov. 22.

Since there has been no response from them, I wonder whether you could clarify this for me with the Phoenix people.

Wishing you a very merry Christmas and a happy New Year,

Sincerely yours,

GENTLEMEN:

PLEASE FIND ENCLOSED A COPY OF A LETTER FROM DR. B. LOWY OF BATON ROUGE, LOUISIANA, WHICH I AM SURE YOU WILL FIND SELF EXPLANATORY.

I FEEL RESPONSIBLE FOR THIS ERROR, SINCE I SHOULD HAVE EXPLAINED THAT DR. LOWY MADE THIS INSPECTION ON HIS OWN TIME AND IN NO WAY WITH CONNECTION TO THE LOUISIANA STATE UNIVERSITY, WHERE HIS IS EMPLOYED. YOUR ASSISTANCE IN CORRECTING THE SUBJECT MATTER WILL BE GREATLY APPRECIATED.

WITH BEST WISHES TO YOU FOR THE CHRISTMAS SEASON.

Dear Mr. Yeager:

Thank you for your latest note with which you enclosed a copy of the letter from Phoenix Assurance dated Jan. 4, 1961. I have not received the check therein mentioned.

I am sorry that all this paper work (for all concerned) has been necessary regarding this relatively uncomplicated matter.

We acknowledge receipt of your letter of Dec. 22nd, 1960, advising that Dr. Lowy made the inspection on his own, relative to the captioned matter, for which our payment should have been made directly to the Doctor rather than to the Louisiana State University.

We wish to advise that we have since corrected this matter and our check to Dr. Lowy in the amount of \$150.00 for mycological services has already gone out under date of Dec. 5, 1960.

We trust the Doctor has received this check. Please advise otherwise.

We regret the delay in answering your letter of Jan. 12th, 1960, advising that Dr. Lowy still has not received our check in the amount of \$150.00 for Mycological Services forwarded under date of Dec. 5th, 1960.

The delay in replying was partially due to our awaiting the bank statement to confirm whether or not this check had cleared.

Kindly advise the doctor that we are this date advising the bank to stop payment on this check, upon confirmation of which, we shall reissue another in a like amount.

Kindly express our regrets to the doctor for this delay.
