About the Institute

The Hunt Institute for Botanical Documentation, a research division of Carnegie Mellon University, specializes in the history of botany and all aspects of plant science and serves the international scientific community through research and documentation. To this end, the Institute acquires and maintains authoritative collections of books, plant images, manuscripts, portraits and data files, and provides publications and other modes of information service. The Institute meets the reference needs of botanists, biologists, historians, conservationists, librarians, bibliographers and the public at large, especially those concerned with any aspect of the North American flora.

Hunt Institute was dedicated in 1961 as the Rachel McMasters Miller Hunt Botanical Library, an international center for bibliographical research and service in the interests of botany and horticulture, as well as a center for the study of all aspects of the history of the plant sciences. By 1971 the Library's activities had so diversified that the name was changed to Hunt Institute for Botanical Documentation. Growth in collections and research projects led to the establishment of four programmatic departments: Archives, Art, Bibliography and the Library.

Scripto tibi hodie, ne prius ad aliorum manus perveniant mea
litterae, quam ad tuas, quum me nemini plus, quam tibi,
debere intelligam: sic igitur habe, me ultra expectationem
meam sanum huc venire, et esse post duos Directores Medicum
et Chirurgicum primo loco Affectoris titulo collocatum, mihiq[ue]
Pharmacopaeiarum Regni eius praecipue incumbere non sine
luero. Vegetabilium Catalogum indies a me expecta, ipsa
autem vegetabilia aut eorum semina, quo valueris tempore
habebis. Domitium meum quindecim cubicula plerumque
magna lucida et eleganter picta continet: eadem post
obitum Cl. Scopoli, quum essent prius omnigena suppel-
lectili aliisque ornamentis per Mediolanense gubernium
largiter instructa, uxor ejusdem ita exulavit, ut nudo
tantum parietes reliqueret, quae tibi tantum dicta
esse velim. Plura, quando mihi erit plus otii scri-
bam. Vale.
