About the Institute

The Hunt Institute for Botanical Documentation, a research division of Carnegie Mellon University, specializes in the history of botany and all aspects of plant science and serves the international scientific community through research and documentation. To this end, the Institute acquires and maintains authoritative collections of books, plant images, manuscripts, portraits and data files, and provides publications and other modes of information service. The Institute meets the reference needs of botanists, biologists, historians, conservationists, librarians, bibliographers and the public at large, especially those concerned with any aspect of the North American flora.

Hunt Institute was dedicated in 1961 as the Rachel McMasters Miller Hunt Botanical Library, an international center for bibliographical research and service in the interests of botany and horticulture, as well as a center for the study of all aspects of the history of the plant sciences. By 1971 the Library's activities had so diversified that the name was changed to Hunt Institute for Botanical Documentation. Growth in collections and research projects led to the establishment of four programmatic departments: Archives, Art, Bibliography and the Library.

Pearse

55, THE GREEN,
NEW,
SURREY.

June 27. 1924

My dear Pease

On receipt of your letter
of 24th I sent instructions for the
box of books to be sent off to
the address you gave and I
have now heard from home that
it has been despatched. I hope
the authorities will find that
all is correct. I shall send the
rest of the current volume

completing his so at the end
of the year. Many thanks for
settling this matter - in these
hard times it is a little help
to be able to sell some of our
property that is not urgently
wanted. I can always see
the hnd. for. when I come here.

We go home on Monday -
I am afraid I must abandon
any idea of the conference

and stick to my job. I cannot
spare time now for what are
really 'side shows' - if ever
I am to come over to finishing
it. Still will represent
my few suggestions adequately
I hope.

My wife joins me in best &
warmest regards to you both

Yours sincerely

J. S. Gamble
