Biographical / Historical

Peter René Oscar Bally (1895–1980) was a taxonomist, plant collector in East Africa, author of "East African succulents, pts., 1–6" (Journal of East African Natural History, 1940–1946), botanist, botanical illustrator and head of the herbarium of Coryndon National Museum, Nairobi, Kenya, 1938–1958. Bally then moved his family to his homeland of Switzerland due to the decolonization of African countries from European rule.

Once back in Europe, Bally worked at the Royal Botanic Gardens, Kew, as well as the Conservatoire et Jardin Botanique in Geneva, Switzerland. A number of plant species are named for him, including *Aloe ballyi* Reynolds.

[^ Return to Table of Contents](#)

Scope and Contents

This collection includes letters between Peter René Oscar Bally and Gilbert W. Reynolds (1895–1967), an optician in Johannesburg, and later of Swaziland. Reynolds was a collector of and authority on the genus *Aloe* Linnaeus. The correspondence concerns Reynolds' Aloes of South Africa (1950), as well as the travel and collecting of *Aloe* specimens done by both men, including Reynolds' work for Aloes of Tropical Africa and Madagascar (1966) and Bally's for The Genus 'Monadenium,' A Monographic

Study (1961). Most of these letters are one to two pages in length, and were sent from Johannesburg, Nairobi, Switzerland, Kew, or Swaziland. Also included in this collection are lists of *Aloe* species and their localities shared between Bally and Reynolds, as well as Airway bills for the consignments of plants they would send one another. In addition, there is a letter of condolence from Bally to Reynolds' widow, Kathleen, (copy, 26 April 1967) and her reply (June 1967).
